BANK, &c., HOLIDAYS—Scotland:—New-Year's Day; Good Friday; First Monday in May and First Monday in August; and Christmas Day.

PREFACE.

THE Publishers of the Post-Office Greenock Directory beg to thank Subscribers and the Public for their generous support in the past, and venture to hope that this year's issue may be even more acceptable than its predecessors.

The Directory for Gourock is again continued.

The Plan of the Town, as heretofore, is by John Bartholomew, Esq., F.R.G.S., Edinburgh, and having been very carefully corrected up to the present time, it may be relied on as being thoroughly accurate.

The Publishers, while deeply regretting the present severe depression of trade, deign to hope that ere long business may assume its former briskness.

EVERYDAY WORK.

"We only get a glimpse once a year of the productions of Mr W. Hutchison, Nicolson Street, Greenock, but that he continues to turn out some of the best work in that busy town is established by an inspection of the collection of 'everyday work' usually accompanying his contribution to the Specimen Exchange. He indulges in no typographical fireworks, but his jobs are invariably correct, tasteful, and effective in design, carefully composed, and excellently printed. The current selection amply sustains his reputation for fine work, while in freshness and originality of design he is well abreast of the time. Mr Hutchison has added Lithography to his establishment, and the few examples enclosed are well up to the metropolitan standard both in taste and execution."—The Paper and Printing Trades Journal.

In size it is about imperial octavo, four pages; the front page is an artistic lithographed design in sepia tints, embracing scenes from the "Twa Dogs," "Tam O'Shanter," and at the foot 'Burns at the Plough. The bill of fare and toast list, very neatly set out in old-style, black-letter, and Gothic types, occupies the inside pages, plentifully interspersed with extracts from Burns' poems, and enclosed in characteristic borders. The execution throughout is in the finished style that marks all Mr Hutchison's productions."—The Paper and Printing Trades Journal.

EVERYDAY WORK.

"We only get a glimpse once a year of the productions of Mr W. Hutchison, Nicolson Street, Greenock, but that he continues to turn out some of the best work in that busy town is established by an inspection of the collection of 'everyday work' usually accompanying his contribution to the Specimen Exchange. He indulges in no typographical fireworks, but his jobs are invariably correct, tasteful, and effective in design, carefully composed, and excellently printed. The current selection amply sustains his reputation for fine work, while in freshness and originality of design he is well abreast of the time. Mr Hutchison has added Lithography to his establishment, and the few examples enclosed are well up to the metropolitan standard both in taste and execution."—The Paper and Printing Trades Journal.

HUTCHISON'S CALENDAR.

"Mr W. Hutchison, 23 Nicolson Street, Greenock, as usual, turns out one of the most tasteful Letterpress Calendars of the year. The execution is A 1."—The Paper and Printing Trades fournal.

LITHOGRAPHY-BURNS CLUB PROGRAMME.

"Mr W. Hutchison, of Nicolson Street, Greenock, sends us a copy of a tastefully designed, and admirably printed Programme of the Anniversary Dinner of the Greenock Burns Club. In size it is about imperial octavo, four pages; the front page is an artistic lithographed design in sepla tints, embracing scenes from the 'Twa Dogs, 'Tam O'Shanter,' and at the foor 'Burns at the Plough.' The bill of fare and toast list, very neatly set out in old-style, black-letter, and Gothic types, occupies the inside pages, plentifully interspersed with extracts from Burns' poems, and enclosed in characteristic borders. The execution throughout is in the finished style that marks all Mr Hutchison's productions."—The Paper and Printing Trades Journal.

BAZAAR LOAN EXHIBITION CATALOGUE.

"The Catalogue consists of sixteen closely printed pages of letterpress and a cover lithographed in sepia tint tastefully arranged and beautifully printed."—The Paper and Printing Trades Journal.

No letter may exceed 18 inches in length, 9 in width, or 6 in depth,

unless it be sent to or from a Government office.

Addresses to the Oueen and Petitions to Parliament.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

b. It must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one halfpenny for 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it may be treated as an ordinary

Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional: and if it be made in part, the simple difference only will be charged.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between

which and this country there is a Book Post.

I.—Book Post (Inland).

A Book Packet may contain, not only books, papers, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter, or communication of the nature of a letter), photographs, when not on glass, or in frames containing glass, or any like substance, and anything usually appertaining to such articles in the way of binding and mounting necessary for the safe transmission by post, but also CIRCULARS—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

1st. The postage is one halfpenny for every 2 oz., or fraction of

that weight.

2nd. The postage must be prepaid, either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two; except at the Chief and District Post Offices, and the Branch Offices at Lombard Street and Charing Cross in London; and the Chief Offices in Edinburgh and in Dublin; where, from 10 a.m. till 8 p.m., it may be prepaid in money, provided the postage amounts to not less than £1 in any one case, and

provided the packets are posted in bundles, each representing

a postage of is.

3rd. A packet posted wholly unpaid will be charged with double the book postage, and if posted partially prepaid with double the

otherwise it will be treated as a letter.

5th. A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter, or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed by section 9. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.+

6th. No book packet may exceed 5 lbs. in weight, or 1 foot 6 ins. in length, 9 ins. in width, and 6 ins. in depth, unless it be sent to

or from a Government Office.

POST CARDS.

I. Official Post Cards, impressed with halfpenny stamp; double or Reply Post Cards, impressed with halfpenny stamp on each portion of them, and private Cards, embossed at the office of the Inland Revenue with halfpenny stamps, may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive

stamps are not accepted in payment of the postage.

2. The front (or stamped) side is for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

3. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or

delivery.

4. No Card other than one of those issued by the Government, or a private Card embossed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Offices at Liverpool and

5. Post Cards for abroad, with impressed stamps of Id, I½d, 2d each, are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

6. Reply Post Cards for certain places abroad are also issued with

impressed stamps of 2d, 3d, and 4d respectively.

GENERAL REGULATIONS.

It is forbidden to put forward by post any indecent or obscene print, paintings, photographs, lithographs, engravings, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any other words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before the despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden

combustion.

REGISTRATION.

I. The fee for registering a letter, newspaper, or book-packet passing by post between any two places in the United Kingdom is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

2. No articles addressed to initials or to a fictitious name can be

registered, unless it be addressed to the care of a person or firm.

3. Every article presented for registration must be enclosed in a strong cover, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee described at par. 8, be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

4. Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, if directed to any place in the United Kingdom, be liable to a registration fee of 8d (less any amount prepaid for registration), instead of the ordinary fee of 2d.

5. The latest time for posting registered articles on payment of the ordinary fee is usually half an hour before the closing of the Letter Box;

but at all Provincial Head Offices and at the Chief Offices in Edinburgh and Dublin, articles bearing a late fee of fourpence, in addition to the ordinary registration fee, may be registered at any time within the half

hour if the office is open to the public.

6. The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered*, valuable articles are exposed to risk; consequently, Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the mail for which they are posted, they are detained for the next despatch.

7. By law the Postmaster General is not responsible for the safe delivery of registered articles, but henceforth he will be prepared to make good the contents of a registered article lost while passing through

the post to the extent of £2 in certain cases, provided-

(a.) That the sender duly observed all the conditions of registration.

(b.) That the article was securely enclosed in a reasonably strong cover: and, if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office.

(c.) That application was made to the Secretary of the Post Office

immediately the loss was discovered.

[When the complaint is that the contents of a letter or packet have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained.]

(d.) That the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office and was not caused by any fault on the part of the sender.

[The word "loss" here does not include damage to an article which in fact reaches its destination, or destruction by fire or shipwreck, or by the dishonesty or negligence of any

person not in the employment of the Post Office.

No legal liability to give compensation in respect of any parcel will attach to the Postmaster-General, either personally or in his official capacity, and whether or not an insurance fee has been been paid. Accordingly the decision of the Postmaster-General as to all questions of compensation will be final.

Parcels must be sealed for Germany, Switzerland, and Belgium.

No letter must, under any circumstances, be enclosed in these parcels.

MONEY ORDERS.

The Public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is:-

For sums	not excee	eding	£I.					2d.
,,	exceedin	g£ī	and n	ot excee	eding £2			3d.
,,	,,	£2		,,	£4	•	٠	4d.
,,	,,	£4		,,	£7			5d.
,,	,,	£7		,,	£,10			6d.

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one christian name, both of the remitter and the payee, and the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name, must also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct, at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the Order be paid through a Bank, even though its payment was not originally so restricted.

An Order once issued cannot be cancelled. Should repayment or transfer to a different office be required, the remitter or payee must act upon the directions in par. 16 of these regulations.

The remitter of an order has full control over the money until payment has actually been made by the Department. The remitter may make his Order payable ten days after date, provided that, when he obtains the order, he affix thereto in the presence of the Postmaster, in the space after the request C., a penny adhesive stamp, and write his signature across the stamp.

Money Orders do not require a receipt stamp.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

After once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

CUSTOM OF THE PORT.

The Chamber of Commerce and Manufactures of Greenock, at a General Meeting held this day, declare that the following is the Custom of the Port of Greenock, with reference to the matters herein referred to, applicable when no special stipulations are made in Charter Parties or other binding documents:—

I.—ENTERING CARGO.

I. When a vessel has been reported at the Customs, the Master gives notice to the Consignee, and the latter is bound, within forty-eight hours after such notice, to enter the cargo at the Customs.

II.—BERTHING VESSEL AND DELIVERING CARGO.

 Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo

from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay

by the ship.

III.—Time for Discharging when no Number of Lay Days is. Specified in the Charter Party.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignees, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time-allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the

Harbour Bye-Laws :---

a. Vessels laden with sugar not exceeding 200 tons register, are allowed one working day for every 50 tons of the estimated weight of the cargo; and vessels above that tonnage similarly laden are allowed one day for every 75 tons of the estimated weight of the cargo during the winter months (October to.)

February inclusive), and for every 100 tons of such estimated weight during the remainder of the year, except in regard to vessels with Brazil cases of sugar, which are allowed one day for every 50 tons during the first period, and every 75 tons during the latter period.

- b. Vessels with wood or timber are allowed one day for every 100 loads of the cargo during the winter months, and for every 150 loads during the remainder of the year.
- c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV .- LAY DAYS WHEN THE NUMBER IS SPECIFIED.

- I. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.
- 2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.
- Days (not described as "running days") meaning working days

 —i.e., Sundays and Customs and local holidays, do not count.
- 4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.
 - Note.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.
- 5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.
- A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

I. Freights on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining twothirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five per cent, per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant

without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed

by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent, from the amount of Freight payable by him.

Note.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net cash free from discount is meant.

MONTGOMERIE'S

EXTRACT OF MALT DIGESTIVE BREAD. BISCUITS, RUSKS, &C.

IN the manufacture, the BREAD, BISCUITS, RUSKS, &c., are put through a particular process before firing, and by the action of PATERSON'S EXTRACT OF MALT, the Starch contained in the Flour is reduced to a minimum. The diastase of the Malt is made to act upon the Insoluble Starch, and to convert it into Soluble Dextrine, a change which is absolutely necessary as a part of the business of Digestion. Thus a bread is supplied so prepared that a part of the business of Digestion is already done, and is therefore more nutritions than ordinary bread, and is a valuable addition to the food of Children and Invalids.

The Subscriber respectfully intimates that he has acquired the fright to manufacture the above for GREENOCK, PORT-GLASGOW, and GOUROCK, and confidently recommends the same to his numerous friends and customers.

The Bread may be purchased from the Vans when in locality.

THE BLEND!!

CAN strongly recommend my BLEND of Old-Matured HIGHLAND WHISKIES as being a selection of the choice productions of the most Famed Distilleries of the North and West of Scotland, mixed so as to give full effect to the special qualities possessed by each. This Blend is pleasant to the palate, as it is mellowed by age. It is restorative, owing to the different Spirits being Blended with a due regard to their chemical properties. It is nutricious and wholesome, because it is Distilled from the finest Scotch Barley, and that which contains the greatest amount of saccharine is only mashed. It is invigorating, and gives zest and an exhilirating tone to the constitution. This Celebrated and most delicious Old Spirit is composed of the very Cream of Old Highland Whiskies: is perfectly pure and divested of all Fusel Oil, peculiarly free from acidity, and is better adapted for general use than any other Spirit—Cognac Brandy not excepted. All the Whiskies used in this Noted Blend are specially Distilled and kept in Customs' Bond for Ten Years before being used, and until they are toned and completely matured by age.
